#### **Explanation of State Expenditures:**

Explanation of State Revenues: If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund could increase. The maximum fine for a Class C misdemeanor is \$500. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, county or municipal court (courts of record), 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund.

**Explanation of Local Expenditures:** A Class C misdemeanor is punishable by up to 60 days in jail. The average daily cost to incarcerate a prisoner in a county jail is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. (2) A \$3 fee would be assessed, and if collected would be deposited into the county law enforcement continuing education fund.
